IMPORTANT NOTICE: This brochure is designed to help you understand our Approved Retirement Bond policy. To make it easier to read, we haven't included all of the technical details which apply to your policy here.

You can find the full details in your policy conditions, which form part of your legal contract with us. This contract is provided by AIB life and governed by Irish law. This brochure doesn't form part of any contract between you and AIB life, and if there's any conflict between this brochure and your policy conditions, your policy conditions apply.

SECTION 1

AIB LIFE ARF AT A GLANCE

WHY CHOOSE AIB LIFE?

We all want to feel financially secure, but it can be hard to know if you're on track. At AIB life, we help you feel better about your future.

We put power into your plans, whether you're looking to prepare for retirement, protect your loved ones or invest your money in a flexible way. If you run a business, we can support you too.

As a partnership between AIB and Great-West Lifeco, we're built on over a century of experience. Now we're taking that experience further, with the help of AIB's Financial Advisors and smart financial tools that live on the AIB Mobile Banking app.

WHAT'S THE DIFFERENCE BETWEEN AIB AND AIB LIFE?

Allied Irish Banks, p.l.c. (AIB) is a separate company from AIB life, which was launched in 2023. AIB life provides protection, pension and investment products. AIB provides advice on these products.

WHO'S THIS BROCHURE FOR?

One of the most important decisions you'll make when you reach retirement is how to use the money in your pension pot. If you're looking at your options after your retirement and want a policy that allows you to keep your money invested, control where it's invested and to take a flexible withdrawal, this brochure may be for you.

WHAT IS AN APPROVED RETIREMENT FUND?

An Approved Retirement Fund (ARF) is a retirement investment policy which allows you to keep your retirement savings invested after you retire. You can withdraw money from it when you need it.

WHAT DO I NEED TO KNOW?

The AIB life ARF is for people who live in Ireland, aged between 50 and 80. It can only accept transfers from an eligible pension arrangement and must be at least €10,000. A contribution bonus may apply, depending on the size of the contribution, which increases the amount of money invested in your policy. If this applies, you'll see it in your quotation and Policy Schedule.

You can decide how to invest the money in your policy. When it comes to investing, we can do all the hard work for you, give you more control or offer you a mixture of both. We explain your investment options in section 3.

Charges will apply to your policy and will depend on the funds you are invested in. We explain the charges in section 4.

You can withdraw money from your policy when you need it. You'll have to pay to income tax, Pay Related Social Insurance (PRSI) (if applicable) and Universal Social Charge (USC) on all withdrawals taken from your policy. There may be a minimum withdrawal amount which must be taken from the policy each year under the imputed distribution rules, which we explain along with your withdrawal options in section 5. Your AIB Advisor can provide more detail on this.

You can use some or all of the value of your policy to buy an annuity at any time. An annuity is a different type of post-retirement product which provides a regular pension income in retirement until you die. You can also transfer the value of your policy to another ARF at any time. An early exit charge may apply, which we explain in section 4. You should talk to your AIB Advisor about these options if you want to know more.

We've answered a range of commonly asked questions in section 6 which you may also find useful.

Your AIB Advisor can guide you through deciding whether this product is for you.

WARNING: If you invest in this product, you may lose some or all of the money you invest.

WARNING: The income you get from this investment may go down as well as up.

SECTION 2

KEY BENEFITS OF THE AIB LIFE ARF

1. CONTINUED TAX-FREE GROWTH

With an ARF your money remains invested after your retirement. You therefore have the opportunity to continue to grow your retirement savings without paying Capital Gains Tax (CGT), Deposit Interest Retention Tax (DIRT) or exit tax on investments.

2. FLEXIBLE WITHDRAWALS

The AIB life ARF gives you the flexibility to withdraw money as and when you want to. See section 5 for further information on your withdrawal options.

3. OUR CHOICE OF FUNDS

Our funds cover a variety of risk levels, asset classes and investments, so there's an option for most types of investors. Some funds keep investment risk low and generally offer low returns, while others aim for higher returns and are riskier. Most of all, we ensure your money is looked after by continually monitoring the performance of our funds and fund managers.

SECTION 3

YOUR INVESTMENT OPTIONS

The AIB life ARF offers a range of funds to choose from. Each of these funds will invest your money in assets like shares, property and government bonds, with different levels of risk and expected growth. This allows you to invest your money in a way that reflects the amount of risk you're comfortable with.

You pick the fund(s) the money in your policy is invested into and decide if and when you want to switch money between funds.

Your AIB Advisor can explain our fund range to you and help you choose a fund that suits your needs. Further detail on the funds can be found in our AIB life Fund Guide and at aibliffe-fundcentre.saolassuranc.ie.

WARNING: The value of your investment may go down as well as up.

WARNING: This product may be affected by changes in currency exchange rates.

WARNING: If you invest in this product you may lose some or all of the money you invest.

SECTION 4

HOW WE CHARGE

We've made sure the charges on our AIB life ARF are simple and transparent. Here are the charges to be aware of and how they work:

- 1. Contribution charges:** A contribution charge may apply to the money you put into your policy, reducing the amount invested into your selected funds
- 2. Annual management charges:** An annual management charge will apply for each fund your policy is invested in. Each month we take one twelfth of the annual management charge by deducting units from your policy
- 3. Early exit charges:** An early exit charge may apply if you withdraw all or part of your investment in the first five years. This charge is taken from the amount you wish to withdraw and may vary depending on what year of your policy you are in when you withdraw

We want to make it easy for you to see what charges you are paying:

- Before you take out your policy, you'll see the charges which will apply to your policy in your quotation. When you take out your policy, we'll provide you with these charges again in your Policy Schedule

- You can find details of the annual management charges for all available funds in our AIB life Fund Guide

We don't charge you for switching between funds. However, different funds may have different annual management charges, so you should consider those before you make a fund switch.

SECTION 5

YOUR WITHDRAWAL OPTIONS

You can withdraw some or all of the money from your policy when you need it. You will have to pay income tax, PRSI (if applicable) and Universal Social Charge (USC) on these withdrawals.

There are three main ways you can withdraw your money:

- **Regular withdrawals:** You can set up a regular withdrawal to be paid to you every month, three months, six months, or once a year. The maximum regular withdrawal you can take is 15% of the value of your policy each year
- **Partial withdrawal:** This is where you cash in a part of your investment, and your policy will continue with the remaining value. Your withdrawal must be at least €350 and there must be at least €1,000 left in your policy after taking the withdrawal
- **Full withdrawal:** This is where you cash in the full amount of your policy, and your policy will end

If you make a full or partial withdrawal you may incur an early exit charge, which we explain in section 4. There are no early exit charges on regular withdrawals. There may be a minimum withdrawal amount which must be taken from the policy each year under the imputed distribution rules.

WARNING: The income you get from this investment may go down as well as up.

WHAT ARE IMPUTED DISTRIBUTIONS?

By law, we must deduct a minimum amount of tax from your ARF every year. This applies even if you haven't taken any withdrawals from your policy.

Towards the end of each year, we check the value of the withdrawals you have taken from your policy and compare this against the minimum required:

- 4% each year from the year you turn 61 (or 60 if your birthday is 1 January)
- 5% each year from the year you turn 71 (or 70 if your birthday is 1 January)
- 6% if the total value of your ARFs and vested PRSAs is more than €2,000,000

If you have withdrawn less than the minimum, we will set up a one-off withdrawal for this difference and pay you this amount after deducting the appropriate tax.

WARNING: The income you get from this investment may go down as well as up.

SECTION 6

QUESTIONS AND ANSWERS

IS IT POSSIBLE THAT MY ARF WILL RUN OUT OF MONEY BEFORE I DIE?

Yes. As your retirement savings are still invested, the value of your investment may go down as well as up. If you withdraw more money than your ARF is growing by each year, the value of your policy will fall and could run out before you die.

WHAT HAPPENS TO MY ARF WHEN I DIE?

If you die, your estate will receive the value of your policy. This money may be subject to tax in the hands of your beneficiaries. For example, Capital Acquisitions Tax (CAT).

HOW ARE THE TAXES PAID ON MY WITHDRAWALS?

We will deduct any income tax, PRSI (if applicable) and Universal Social Charge due under the Pay As Your Earn (PAYE) system from any withdrawals taken from your policy. By law, we must deduct income tax at the higher rate unless we receive a certificate of tax and standard cut-off point for the year.
